

LINTEX Product Catalogue 2026

AN INTRODUCTION

LINTEX manufactures writing boards for offices, schools, workplaces and meeting places. We create tools for creative processes: for ideas, workflows, sketches, and visual content. These are the same, all around the world. That's why LINTEX is everywhere you need us internationally. We combine function and style, offering a fresh approach in a world where writing boards often lack thoughtful design. Our products' design quality and beautiful, durable materials open up a world of spontaneous activity and uses. They make it a pleasure to write, think, and use. The essence of Scandinavian design lies in its seamless harmony of purpose and aesthetic appeal. This is the stable point from which LINTEX begins.

We are a Swedish family company founded in 1983. All our products are sold under our own brand. The main office and factory are in Nybro in Småland, a region long associated with innovation, entrepreneurship, manufacturing and the world-famous glassworks. LINTEX has subsidiaries, sales offices and agents in Scandinavia, Europe and the rest of the world. We have control of our entire production chain, of its lead times and stock levels. Working closely with customers and providing quick service is central to how we operate.

SUSTAINABILITY

Working sustainably is a key element of our strategy, our culture and our day-to-day operations. For many years we've built well designed, timeless products, that can stand up to years of hard use. By 2030 all our products will be 100% circular, designed for reuse and recycling. Today we strive towards traceable material flows by using certified materials, such as EU Ecolabel, Oekotex and FSC®. Circular design and raw materials with low climate footprint will take us closer to our goal of Net Zero climate impact by 2040. Our production facility is already a net-producer of renewable energy, thanks to geothermal heating and over 4400 solar panels on the factory roof, producing 1.6 million kWh annually. We do Life Cycle Analyses (LCA) according to ISO 14040 and publish third party verified Environmental Product Declarations (EPD). We therefore have knowledge of the entire climate impact from our products life cycle.

We certify our products with EU Ecolabel, FSC and the Swedish assessment system Möbelfakta. Möbelfakta is a labelling system covering quality, environment, and social responsibility. Requirements include EN and ISO quality standards, absence of hazardous substances and compliance to the UN Global Compact principles. It is a type 1 eco-label according to ISO 14024. LINTEX is ISO 14001 and FSC certified (License Code: FSC-C170086).

It is of highest priority that the people contributing to our products, work under good conditions and that human rights always are protected and promoted. We also want our products to empower the people using them, by making innovation, learning and creativity possible. Sustainability is a project that never ends, an ongoing journey towards an evolving destination.

Ceramic Whiteboards

OUR CERAMIC WHITEBOARDS

Our ceramic steel whiteboards are of the highest quality and include a 30-year warranty on the writing surface. The steel sheet core is made of 50% recycled material and the boards are up to 99% recyclable. All boards are individually packaged and include fittings for wall mounting.

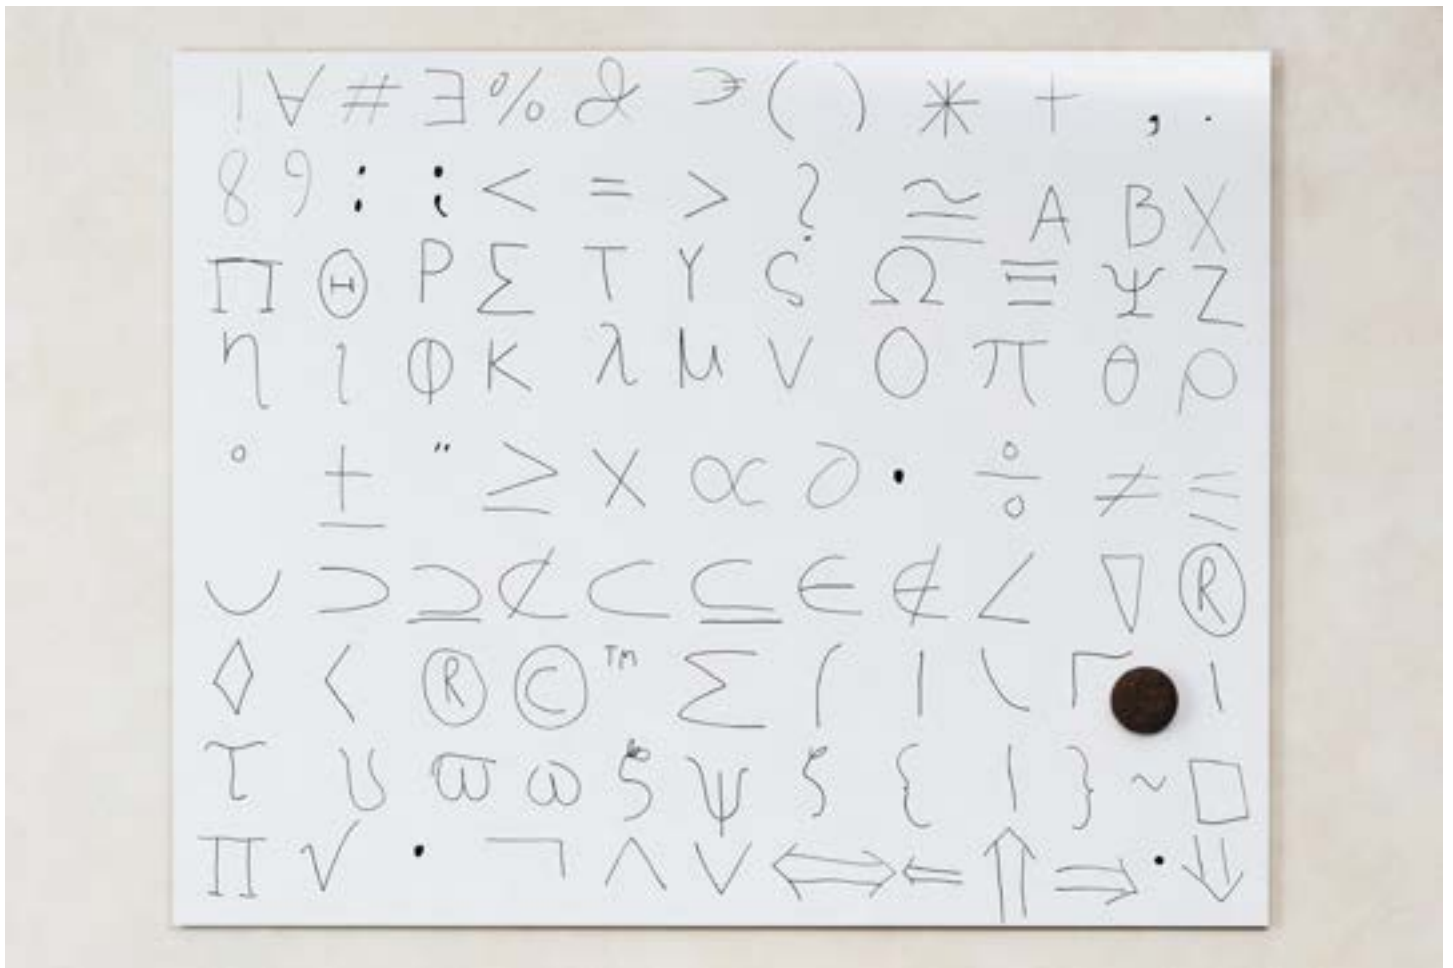

When ordering chalkboards or whiteboards in other colours than white, please add one of the following prefixes in front of the article number:

BE = beige (whiteboard)
G = green (chalkboard)
GG = graphite grey (chalkboard)
B = blue (chalkboard)
GR = light grey (whiteboard)
S = black (chalkboard)

For matte or semi-matte surface, please add one of the following prefixes to the article number:

S = Semi-matte
M = Matte

Since writing is difficult to erase on a matte surface, we don't recommend matte surface as a writing board.

AIR

A white magnetic ceramic steel whiteboard, AIR features bevelled edges that are coordinated with the surface, offering an innovative alternative to traditional frames and creating the illusion that the board is floating on the wall. It can be complemented with AIR TEXTILE noticeboards for a cohesive look.

AIR SPACES

AIR SPACES was designed to connect AIR ceramic steel whiteboards and create a large continuous writing surface. Concealed fittings keep the joints subtle, measuring less than 1 mm. It can also be complemented with textile modules (see AIR TEXTILE).

AIR SPACES TV

Magnetic ceramic steel whiteboard system designed to connect multiple boards into one large, continuous writing surface. Concealed fittings and connectors between the boards create subtle joints measuring less than 1 mm. The white bevelled edges give the impression of a floating screen, and the board is prepared for TV mounting. A hidden cut-out behind the screen allows easy access for cabling and power. The included fixings support all standard VESA sizes. Can also be complemented with textile modules (see AIR TEXTILE).

NOTE

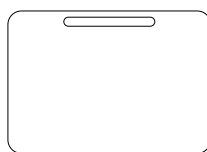

A writing board that is both mobile and fixed. The Note is double sided, with two magnetic ceramic steel surfaces. Manufactured with a lightweight honeycomb core, Note is light enough to carry around and can easily be hung using the wall brackets included, or simply lean against a wall for spontaneous meetings. Designed by Fredrik Mattson.

MATHEMATICS

A ceramic steel chalkboard with a raw aluminium frame. The materiality of the frame is emphasized through the unfinished aluminium with colour irregularities and markings. Patinated even more over time and combined with the dustiness of the colourful chalk board, it gives the product life on the wall. The chalk pens can be stored in the frame. MATHEMATICS is available in one size with three characteristic chalk board colours. Designed by Halleroed.

SILK WALL

This matte glass whiteboard features a surface made from SILK GLASS®, a state of the art material with a smooth, non-reflective finish. It offers the same high performance for writing and erasing as standard glassboards, but with reduced glare. The matte surface gives all 24 selected colours a rich, deep appearance that shifts with changing light. Ideal for modern workspaces where clarity, low reflection, and premium design matter.

FRAME WALL

A premium writing board with a softly rounded bentwood frame available in grey lacquer or oak veneer finish. The depth of the frame outlines the board and doubles as a natural pen tray. The glass is available in any of our 24 standard colours. For a monochrome appearance we recommend the colour Soft - 150 combined with a grey lacquer frame. Designed by Halleroed and Matti Klenell.

A08

Enhance your workspace with the versatile A08 shelf unit, designed by Afteroom. Available as wall-standing with height-adjustable feet or free-standing with either castors or height-adjustable feet, it supports slidable MOOD- or matte SILK-GLASS® modules with a textile sound-absorbing back, or all-textile modules that double as pinboards. Modules are easy to mount and demount without tools, with wall-standing versions holding one module and free-standing versions up to two. A VESA-compatible TV mount for screens up to 55" is also available. Coated in soft grey or black, non-fingerprint finishes, the A08 is perfect for writing, presenting, pinning, storage, and sound absorption.

FRAME MOBILE

A double-sided glass mobile writing board with a bentwood frame. The softly rounded frame defines the work surface and doubles as a handle when moving the board between locations. Frame mobile is available in two sizes, each of them in two versions, a model with coordinating light grey feet, castors and frame and another with solid oak feet, black castors and matching oak frame. FRAME is available in MOOD- or SILK-GLASS® in 24 colours. Designed by Halleroed and Matti Klenell.

WOOD NOTICEBOARD

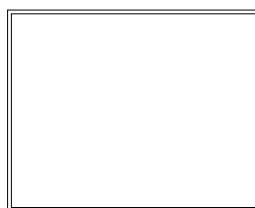

This premium noticeboard combines a solid oak frame with a natural linen surface suitable for pinning. Our WOOD series of writing boards and noticeboards mirror the classic wooden blackboards from the middle of the last century adding a contemporary look with simple lines and high-quality materials. This board is also available with a durable ceramic steel writing surface. Designed by Halleroed.

TRACE RULER (NEW)

Magnetic ruler precision machined from a single block of aluminium, available in six anodised colours. Length 50 cm, graded in centimetres, with all precision markings machined into the surface. Bevelled edges prevent the pen tip from touching the ruler, avoiding ink smudging. Raised magnets at each end keep the ruler hovering above the board, protecting existing writing when repositioned. Designed by Halleroed.

SALES AND DELIVERY TERMS	<p>Great Britain and Northern Ireland (UK):</p> <p>Delivery Charge £ 100 per order (Incoterm DAP)</p> <p>Additional Freight Services:</p> <p>Delivery Notification (phone/e-mail) £15 per shipment</p>
RESERVATION REGARDING OWNERSHIP	We reserve the right to hold products until payment terms are agreed. All goods remain the property of Lintex until payment is settled in full.
DELIVERY TIMES	For stock products: 5-8 working days. For all other products: Please enquire directly with your local agent or Lintex representative as delivery times may vary. All estimated delivery times are calculated from the date the order is placed. The confirmed shipment date is when the goods leave the factory.
QUOTE	Unless otherwise stated a quote applies for 30 days. Orders are accepted once confirmed in writing by a Lintex representative.
RETURNED GOODS	Standard stock products may be returned within 14 days of delivery. The customer is responsible for the cost of returning the goods to the factory. All goods must be returned in their original, undamaged packaging. Any damage incurred during transit will be charged to the customer. Before returning any goods, a Lintex representative must be contacted and a returns note obtained. Lintex will charge the customer a returns fee of 20% of the total value of the goods. An order may be cancelled within three working days of order confirmation. No refunds will be issued for non-stock products that have already been manufactured.
CLAIMS	If upon arrival the product is damaged, this shall be noted on the consignment note before receipt is acknowledged. The responsible shipping agent shall be notified of any damage claims. Claims can be filed 7 days after receipt in the event the damage was not discovered upon arrival. Other claims due to obvious shortcomings on our part shall be submitted in writing to Lintex.
PAYMENT TERMS	30 days from invoice. In case of delayed payment, late charges of 8% will be debited reference interest rate of the Swedish Central Bank.
CONDITIONAL SALE	Delivered goods remain the property of Lintex until full payment has been made.
PRICES	We reserve the right to adjust prices due to costs of raw materials and fluctuations in currency. Articles can also be subject to structural and design changes. All prices are excluding VAT/sales tax.
GUARANTEE	Lintex provides a 5-year guarantee on all products against manufacturing defects. The guarantee period begins from the date of delivery. The guarantee is subject to the Lintex care and maintenance guide being followed by the customer. All products should be installed in an environment kept at room temperature, not exposed to abnormal wear and tear or damaging treatment. When products are mounted and assembled by an installer recommended by Lintex, the 5-year guarantee commences from the date of approved inspection.

LINTEX
