OBJECTS THAT LIVE WITH YOU

Zuny is not merely a collection of home decor; it is a workshop of tactile stories rooted in the heritage of synthetic-leather craftsmanship.

By softening the edges of the everyday, we breathe life into familiar forms, transforming functional items into spirited companions. We believe that design should never feel distant. Instead, through gentle curves and thoughtful silhouettes, we invite a sense of play and serenity back into the home.

Our mission is a return to the essentials: bringing original, uncomplicated beauty into the rhythm of daily life. At the heart of Zuny is a singular, quiet dream — to help you cultivate the warm, soulful living space we all long to come home to.

Bag Charms

Hippo Bag Charm - Strap

Zuny bag charms translate the brand's sculptural language into small, traveling companions.

Rendered in soft, animal-like silhouettes and finished with quiet precision, each charm carries a tactile presence that invites touch and personal association.

Clipped to bags, luggage, or clothing, they become subtle markers of character — objects that move through cities and seasons, gathering traces of the wearer while remaining understated in form and expression.

Paperweights

Teckel Paperweight

Zuny paperweights distill the brand's sculptural language into small, weighted forms that rest calmly on the desk or studio surface.

Their animal-like silhouettes introduce a subtle narrative to spaces defined by work, writing, or creative practice, while their tactility and mass provide a functional anchor for paper and thought.

Modest in scale yet deliberate in presence, they occupy the quiet intersection of utility and collectible objecthood.

Doorstops

Shiba Inu Doorstops

Zuny doorstops creatively express everyday utility through soft, weighted forms that echo the presence of small animals at rest.

Each piece maintains a measured balance between sculpture and function, holding doors with gentle certainty while lending a subtle companionship to the room.

Their silhouettes are quiet, their materials tactile, and their role understated — an object that serves without spectacle, yet enriches the spatial narrative of contemporary interiors.

Giant Decor/Stools

Giraffe Giant Decor

Zuny giant decor/stools stand softly in the room — firm and familiar presences that share the space.

The carefully balanced proportions allow the stools to support casual seating, while still maintaining a playful silhouette that complements contemporary living rooms, creative offices, boutique hotels, and children's spaces.

As giant decor/stools, they function as conversation pieces; an elevated alternative to plush toys or novelty sculptures, with durability suitable for daily use.
